Mr Josè Luis Boto Alvarez  
President  
Federación Española de Bolos

Roma, November 3, 2011

Dear Josè Luis,

in the name of FISB I want to thank you very much for organizing the First Copa Latina en Madrid and for inviting the Italian Teams.

It has been a very successful event, perfectly organised, with great hospitality and, what is the more important, very useful for all the participating Teams. Our acknowledgements must go also to Pablo Maldonado, perfect in his role, and to all your Federation. We have trained our athletes to the format of a Tournament between Nations, and this is very different from playing in the usual "Tour" format.

The Men, Women and Youths have learned to wear the national uniform and the necessity to perform when it is needed, resisting to the pressure such an event ears with it.

Moreover, it is very valuable that the Teams have acquired new friends, and our Federation have experienced to work together in partnership.

For all these reasons, please accept our heartfelt thanks, that I ask you to extend to the Consejo Nacional de Deportes. And I also want to add to this my personal commitment in supporting Spain in growing our wonderful sport of Bowling and occupying in Europe and in the world the place you deserve.

All my best and I hope to welcome you in Rome as my honourable guest for the final days of the Rome International Tournament (November 5-13 2011).

Looking forward to the second edition of the "Copa" in Italy in 2012 !

Alessandro Sattanino  
President
